JUDGE FAVROT SLEW ALDRICH ABOUT WIFE

Congressman Elect Followed the "Unwritten Law."

REMARKS ABOUT MRS. FAVROT

The Judge Had Sent Word to Aldrich that There Would Be Shooting—Aldrich Was Armed—Rriends Rallying About Judge Favrot.

Baton, Rouge, La., Nov. 10.—George K. Favrot, congressman-elect who shot and killed his life-long friend, Dr. H. H. Aldrich, still refuses to clear the mystery of the tragedy, other than to repeat his statement made just after the shooting, that he acted for "sufficient reasons."

The "sufficient reason" of Judge Favrot is generally understood to mean remarks publicly made by Dr. Aldrich reflecting on a lady and that lady was Mrs. Favrot, the wife of the judge. The exact nature of the remarks has not been discovered, but they are said to have been gross enough to provoke Jurge Favrot to the deed.

Although Judge Favrot maintained silence as to the cause of the tragedy, his friends issued a statment that "he followed the unwritten law," acting in the belief that he was avenging an affront to his family. Judge Favrot's friends also declared that Dr. Aldrich was forewarned and forearmed.

The street near which the shooting occurred was at the time filled with leading officials of the city, accompanied in some cases by their wives.

At one edge of this animated scene Judge Favrot was seen to enter an office building, raise his arm and fire rapidly three times. He came out immediately and surrendered himself.

Dr. Aldrich, the victim of the shooting, had just left his office in this building. He was found lying in the corridor with a revolver sticking nose down, in his watch pocket and its butt hidden under his vest.

Fully one thousand persons attended the funeral of Dr. Aldrich.

Fully as notable as this showing of sympathy for the dead man, was the manner in which friends rallied about Judge Favrot, former political opponents, visiting him at the jail and two lawyers, who have at times been his political opponents, volunteered their services for his defense.

Thursday's only development was the resignation of Judge Favrot from his judicial position. His former court is in the same building where he is now a prisoner. It was announced that Governor Blanchard will order a special election to fill the vacancy.

Among Judge Favrot's callers was Lieutenant Governor Sanders.

J., Denver and Charleston, S. C. No notice of like advance has been received by the pipe line department, but rumor has it that the voluntary advance will extend to every branch of the company.

TWO SHERIFFS WANT THIS MAN

Fellow Arrested at Mobile Proves To Be a Very Bad One.

Mobile, Ala., Nov. 10.—J. P. Hamilton, a white man, arrested by the police several days ago on a charge of being dangerous and suspicious, is believed to be none other than J. H. Johnson, of DeKalb county, Georgia, who is wanted in Merrill Miss., for the theft of money and other valuable; at McDavid, Fla., for horse theft; at Hatches Station, Ga., for a similar crime; in Bayminette, Ala., for burglary, and who has many aliases, and wanted all over the south, and at times was known as Darling Sanders, a notorious thief and all-round crook. He is badly wanted by two sheriffs who have already arrived in Mobile. One is Sheriff A. W. Brewton, of McDavid, Fla., who reached Mobile this morning and visited the man in his cell. He identified him as Darling Sanders, a man who stole a horse and buggy at McDavid and sold the rig at Atmore, Ala.

In a letter to Chief Rondau, Sheriff Brewton says that the man is also wanted in Merrill, Miss., for theft and burglary; in Baldwin county, Georgia, on similar charges, and is a bad man.

The sheriff of Baldwin county arrived here and has visited Hamilton, or Johnson, in his cell. The muchly wanted man will be arraigned before Judge Clark and will probably be turned over to the sheriff of Baldwin county to resume his sentence at Bay Minette on a charge of burglary, which he was serving when he made his escape. He is said to have a wife in Stockton and a divorced wife in Georgia.

Count Boni's Trial Next Week.

Paris, Nov. 10.—Counsel for the Countess de Castellane in her suit for divorce against her husband, Count Boni, are confident that the application of the count's attorneys for an examination of the witnesses in the case will be denied by the court when the matter comes up next Wednesday. It is also regarded as measureably certain that the public prosecutor will not avail himself of the right which he possesses to be heard in the interests of the general public. Nevertheless, it is known that the creditors are using every influence to prevent the granting of a divorce until after their case is disposed of.

Five Incendiary Fires.

New York, Nov. 10.—One woman is dead, a man in a hospital suffering from severe burns, two thousand persons fled from their homes in panic and thousands more passed a sleepless night as a result of a series of incendiary fires in the two blocks bounded by Sixtieth and Sixty-first streets and Columbus and West End avenues early Friday. Scores of persons whose lives were endangered by the conflagration, were rescued by firemen. In all there were five fires, every one of them incendiary, between midnight and 3 o'clock.

Fire in Cargo.

New York, Nov. 10.—The steamer Terence, which sailed from this port Wednesday, from Manchester, put back Thursday with fire in her cargo. She ran up the harbor to a point a mile below Liberty Island and two fireboats went to her assistance. The fire is smouldering among her cotton bales, and an obstinate fight probably will be necessary before it is subdued. The Terence is a freight vessel of 2,600 tons. She carried no passengers.

Raise Price of Lead Pencils.

New York, Nov. 10.—The wholesale rate on all lead pencils costing $3.60 or less a gross, has gone up according to announcements now being sent to stationers by domestic manufacturers from 5 to 25 cents per gross. New price lists on some lines of foreign pencils are also being sent to dealers. The reason given for the advance is the higher cost of labor and material.

Jacob Hauser Committs Suicide.

Johnstown, Pa., Nov. 10.—Jacob Hauser, Sr., father of Jacob Hauser, Jr., who was hanged last February for the murder of his wife and mother-in-law, was found hanged to a tree in the back yard of his home. He had of late been worrying over his son's fate.

LYNCHERS BEAT TROOPS TO NEGRO

Hicks, Who Murdered White Lynched.

THE TROOPS ARRIVED TOO LATE.

Mob Stormed Jail and Disposed of Hicks While Captain Adams and His Company Were Enroute to Protect the Prisoner.

Moultrie, Ga., Nov. 10.—One of the most remarkable races in the history of the state occurred Thursday afternoon in Mitchell county, with Sale City as its objective point, and the life of a negro murderer at stake. It was a race between the Moultrie Rifles and Sheriff Forehand with his negro prisoner, Jet Hicks, whom sheriff Forehand was endeavoring to turn over to the Mitchell county officers.

Sheriff Forehand won the race. The negro was turned over and was promptly incarcerated in the city guard house. Then the mob got the negro.

And back of the whole race was the fear of the mob. The troops realized that if the prisoner was delivered to the sheriff that lynching was sure to follow, as there would be no protection. Sheriff Forehand, on the other hand, was simply trying to discharge his duty and deliver the prisoner to the proper authorities.

The sheriff won the race. And then the mob beat both factors in the race. The negro was promptly lynched as soon as he was placed in the jail.

Sheriff Forehand reached Sale City at 5 o'clock, and his prisoner was turned over to the Mitchell county officers, who placed him in the city guard house. In a very short time a mob was formed, which stormed the prison and took Hicks out and lynched him. The mob had dispersed when the military company reached there and all was quiet. The company returned here on a special train.

Jet Hicks was arrested at Vienna, later identified by Dr. W. W. Stevens, of Sale City, and was brought to Moultrie. Sheriff Campbell was out of the city, and Sheriff Forehand of Dooley, who had him in charge, kept him at a livery stable for a couple of hours. His presence here created some excitement, especially since several relatives of the dead men were in town and rumors were soon current that a lynching was on foot.

Governor Terrell was notified and he instructed Captain Thad Adams, of the Moultrie Rifles, to protect the negro. When demand was made at the stables for the prisoner, the military officials were notified that the sheriff of Dooly and Dr. Stevens had spirited him away through the country, and would try to reach the sheriff of Mitchell county, with whom they had conferred by wire at Sale City. After they were out of town and on an unknown route, a message came from the sheriff of Mitchell advising that a mob was forming at Sale City, and asking Sheriff Forehand to take the negro around by Tifton, meeting him in Albany. The message was too late.

Acting on instructions from Judge W. N. Spencer, Governor Terrell and Assistant Adjutant Scott, the Moultrie Rifles, commanded by Captain Thad Adams, left here at 6:15 p. m. for Sale City, via Ticknor, to protect the negro, but as has been stated, the troops arrived just as the mob was finishing the negro.

The crime was a heinous one. Jett Hicks, a negro, had been repeatedly warned by Mr. John Akridge to keep off of his place. Saturday night he found that the negro was in one of the outhouses and he went to the door and demanded that it be opened. The result was that in the next moment the door was opened and he wfs shot through the head and instantly killed. The negro, Jett Hicks, escaped, and search was begun for him.

A local reward of $250 was offered for the murderer. The governor added to this $150.

Meta Hicks, the reputed wife of Jett Hicks, was found dead in a field belonging to Mr. Akridge since Hicks committed the murder. On her body were two bullet wounds. The coroner's verdict was that she died by unknown hands.

Lynching In Florida.

Valdosta, Ga., Nov. 10.—A mob of several hundred from the northern part of Madison county, Fla., went to the jail there on Thursday night and after disarming the jailer, took the keeys of the jail from him, put him under guard, then secured the negro prisoner who assaulted Miss Grambling near Hanson on last Tuesday, and carried him to the old picnic grounds and hung him to a tree.

The mob then finished the job by riddling the hanging body with bullets. Miss Grambling had went to the station after her mail on Tuesday and was assaulted by the negro on her way home. She fought the negro off, and finally outran him, thus saving herself from ruin. The negro was arrested, identified and confessed to be guilty. The mob by this act thus avenged his attempted crime.

Mexicans Fire on Rangers.

Brownsville, Tex., Nov. 10.—Texas rangers enroute to Rio Grande City to investigate the assassination of Judge Welch, which occurred on last Monday night, were attacked by a body of armed Mexicans and a bloody fight resulted. One Mexican was killed and many wounded. Governor Lanham is rushing troops to the scene and the situation is regarded as critical. More fighting is expected before the troops arrive. The Mexicans are said to be aroused over opposition to their voting in the recent election.

He Died While Eating Supper.

Bainbridge, Ga., Nov. 10.—James O'Donnell, of Milwaukee, Wis., died very suddenly of heart failure at the Bon Air hotel, being seized while at the supper table. He died before a physician could be summoned. Mr. O'Donnell was a contractor and was in the city for the purpose of bidding upon the sewerage system to be installed here. His son, also a member of the firm, accompanied him, and will carry the remains home.

Winship Honorably Discharged.

Macon, Ga., Nov. 10.—Lieutenant Emory Winship, of Macon, who during the Philippine insurrection was badly wounded on a government launch, has been found incapable of service after examination. He has therefore been honorably discharged and will return home. He was in the navy and is a son of Mrs. Emory Winship, of Macon, and a bother of Major Hamilton Winship.

Dynamite Was Put to Thaw.

Pittsburg, Nov. 10.—One man was killed, two fatally injured and 16 others seriously hurt in an explosion in Garricksborough, where a sewer is being constructed. The men were all foreigners. The men were seated about a fire eating their lunch when a dozen sticks of dynamite, placed near the fire to thaw, exploded with the above result.

$650,000 SECURED BY TRAIN ROBBERS

Surrounded Station and Blew Up Mail Car.

A HUNDRED WELL-ARMED MEN

When the Robbery Was Complete Revolutionists Placed the Booty in Two Wagons and Marched Off Singing Socialistic Songs.

Rogow, Russian Poland, Nov. 10—The Cossacks have this far been unsuccessful in their pursuit of the revolutionists trains robbers, numbering a hundred well-armed men, who at 9 o'clock Thursday night surrounded this section, threw three bombs at the mail car of a train while the engines were being changed, derailed the car, robbed it and fled with a sum of money now said to amount to $650,000.

The station master declares the revolutionists hid in the neighborhood in the forests and were excellently disciplined, their commander giving orders through bugle signals. When the robbery was complete the revolutionists transported their booty to two wagons and marched off in military order, singing socialistic songs.

Eye-witnesses confirm the statement that the revolutionists were hidden in the neighboring woods. When the train stopped men armed with rifles sprang up on both sides quickly executing the orders conveyed by the bugle. The gendarmes standing in front of the station were shot and killed and the revolutionist then placed sentinels at all of the approaches and cut the telegraph wires.

While some of them overpowered the trainmen, others attacked the escorts of the mail car. Of the three bombs thrown, two exploded with terrific force, blowing the car to pieces and killing five soldiers and mortally wounding eleven others.

The revolutionists then ransacked the car and transferred the banknotes, gold and silver to their bags and unfolding the red flag, formed up in military order, marched out of the station, entered wagons which were waiting in the forest and then drove off.

It was not until three hours later that a detachment of Cossacks hurriedly sent for, appeared on the scene and started in pursuit of the revolutionists.

Rogow is now occupied by the government troops.

Chisholm's Case Called.

Birmingham, Ala., Nov. 10—When the case of Alex R. Chisholm, who as paying teller of the First National Bank of Birmingham, defaulted for $100,000, which sum he claims to have lost in cotton speculation, was called in the federal court Friday, it went over until 3 p. m. because the prisoner's leading lawyer was engaged in another case in the state courts. Chisholm was in court accompanied by his father, mother, sister and two brothers. He appeared to be in good spirits. It is understood that his defense will be temporary insanity. The case of Broker P. G. Smith, charged with complicity in Chisholm's embezzlement, will also come up this afternoon. A large part of Smith's losings were at Smith's brokerage shop, it is alleged. Smith is under a heavy bond.

GREAT INTEREST BEING MANIFESTED IN ALACHUA COUNTY FAIR EXHIBIT

Carloads of Exhibits Have Been Shipped, and More to Follow.

HORSE SHOW WELL RECEIVED

Horsemen of Alachua County Well Pleased Over That Event, Which Will Afford Them an Opportunity to Show Some of Finest Horses.

The people of Gainesville and Alachua county, where many fine horses are owned, are very much gratified over the special feature—the horse show—which has been inaugurated by the Florida State Fair Association independent of the regular program, and which will be held on November 16 and 17, according to the circulars received here. Horse owners from every section of the State will enter their animals in the various classes, and Alachua county may be depended upon to do her share. Fair commissioners and owners of horses are urged at once to make preparations for entry. The best of accommodations will be allotted these horses, and they will be given the careful consideration of the superintendent of the live stock department.

Instructions to Shippers.

Persons intending to ship horses for exhibition at this horse show should observe the following: Animals should reach Tampa by Wednesday or Thursday, the two days preceding the opening of the horse show. They will be received, however, as late as the opening day. They will be shipped to Tampa free of charge if marked "County Exhibit, State Fair," and sent in name of County Fair Commissioner, or to Thos. J. L. Brown, president.

A Handsome Premium List.

Following is the list of prizes and classes, five of which will be judged each afternoon: 1. Best four-in-hand, $75. 2. Best tandem, $50. 3. Best standard bred stallion, $50. 4. Best gaited saddle stallion, gelding or mare, registered or unregistered, $25; 5. Combination stallion; gelding or mare, to be driven and then shown under saddle, $50. 6. Best pair coach horses, $75. 7. Best single coach horse, shown to trap or gig, $50. 8 Lady's horse, to be exhibited by lady, $25. 9 Best pair gentleman's roadsters, $50. 10. Best lady's saddle horse, to be ridden by lady, $25.

N. A. Callison, Fair Commissioner from Alachua county, and largely through the influence of whom this feature was created, is very enthusiastic over the prospects, which is destined to be one of the leading attractions at the Fair.

Fine Stock From Alachua.

It is understood that Rev. Clarence B. Strouse and C. W. Chase, who have a number of as fine horses as can be found in the South, will send a portion of their stock for exhibition at the Fair, including the four in hand of beautiful chestnut browns. These animals cannot help but be admired by the thousands of visitors at the "big show" from every section of the United States.

Shipments Going Forward.

The exhibits from Alachua county are being rapidly loaded and shipped. Two cars have already left Gainesville, and two more are to follow. A solid car left Waldo Saturday, and other cars from various sections of the county have gone forward, or will move Monday.

A Novel Exhibit.

Probably the most novel individual exhibit at the Fair will be the exhibit of J. R. Williams of Alachua. Mr. Williams, aside from being a successful merchant, is an extensive farmer, owning one of the largest plantations in the county. He will make a specialty of a cotton and hay exhibit which he confidently believes will be a prize-winner. He has shipped individually two carloads of the products of his farm, and will personally superintend the arrangement of his display, as well as the decoration of the building in which it will be located. This building will be constructed of baled hay from the Williams farm, in which will be stored several bales of cotton, potatoes, oats, corn, sugar cane, chufas, pindars, etc., attractively arranged. For this purpose it will be necessary for Mr. Williams to secure space on the Fair grounds outside the main exhibition building. The products of this farm were selected with the greatest care, being the cream of the harvest, and will accomplish a great deal in the matter of demonstrating the agricultural resources of the county. Mr. Williams will have personal charge of this exhibit during the Fair.

Spring Park's Fine Show.

Commissioner Callison, who is also manager of the Spring Park Stock Farm Co., and who walked away with the majority of prizes at the "Big Show" last year, proposes to return to the coming Fair in better condition than ever. He will send two carloads of fine rigistered Hereford cattle, as well as a carload of registered hogs, etc. This shipment will leave Gainesville Monday, arriving in Tampa in ample time for the opening of the Fair.

Woman's Work Department.

Mrs. W. H. Palmer, manager of the Woman's Work Department for Alachua county, has not been idle, with the result that she has secured a fine display of handiwork embraced under this department. Mrs. Palmer has been very ambitious in this work, and her efforts have proved fruitful. Alachua will probably have as fine a display in woman's work as can be found at the Fair.

The Educational Exhibit.

The Educational Department, which will be exhibited under direction of County Superintendent J. L. Kelley, bids fair to bear inspection with any county of the State. Notwithstanding that only a short time was left in which to prepare this exhibit after the Board of Public Instruction had decided to go to the Fair, what will be seen in this department from Alachua county will be a credit. The teachers throughout the county have responded liberally to Superintendent Kelley's requests for aid.

The old play proved to be just as popular as in years gone by, and it may be said that the company scored a success that will swell the box office receipts for the remainder of the week."

Bilious Attack Quickly Cured.

"A few weeks ago I had a bilious attack that was so severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chamberlain's Stomach and Liver Tablets and the next day I felt like a new man."—H. C. FREIGHT SHIPMENTS DELAYED.

Sewer Pipe Has Been En Route From Birmingham, Ala., Three Weeks.

The movement of freight by the common carriers, more commonly known as the railroads, is becoming a matter of general comment there days, because of the fact of the tardiness in the railroads in handling articles entrusted to them for transportation.

The contractors of the sewer system in Gainesville have been not only delayed and annoyed, but have met considerable loss, so they say, from the failure of the railroads to deliver pipe with which to continue the work, which is now at a standstill owing to the fact that the men have no pipe to lay. This not only delays the completion of the contract, but places a large force of men out of commission, and subjects Contractor Beeman to considerable expense in waiting for the material.

Contractor Beeman stated Friday that the pipe was shipped from Birmingham on October 25, and should have been here in not less than five days. It is still missing, however, and not even a tracer can find the three lost carloads.

It is indeed provoking that such conditions exist, and if the railroads would be more prompt in moving their shipments and releasing their cars, there would probably not be such a complaint of shortage of cars over the country.

A Prominent Visitor.

Hon. John F. McGourin of Pensacola, United States Marshal for the Northern District of Florida and one of the most widely known Republican politicians in the State, has returned to his home, after a brief visit here.

Col. McGourin came for a conference with Hon. Henry S. Chubb, receiver of the United States land office and another well known and influential Republican, on political matters. Judging from his broad smile and affable manner when he left the presence of Col. Chubb, things must have gone "just right."

Col. McGourin, who is a visitor to Gainesville for one reason or another once in a while, noted the great improvements during the past few months, and complimented the city and its energetic citizens very highly.

CONTAGIOUS BLOOD POISON
THE WORST DISEASE IN THE WORLD

Contagious Blood Poison is the worst disease in the world; not only those who contract it suffer, but the awful taint is often transmitted to innocent offspring whose lives are blighted and bodies diseased because the virus of Contagious Blood Poison has been allowed to remain in the family blood. The first sign of this disease is usually a little pimple or blister, then a red rash breaks out, the mouth and throat ulcerate, the hair comes out, copper colored spots appear on the limbs, back and breast; and as the disease more thoroughly pollutes the blood, sores and ulcers form and if the trouble is not checked the finger nails drop off, and the soft bone of the nose and head are destroyed. S. S. S. goes down into the blood and forces out every particle of the poison and makes a complete and lasting cure. As soon as the system gets under the influence of the remedy the symptoms begin to pass away, and when the cure is complete the patient is left in perfect health. So thoroughly does S. S. S. rid the system of the virus that no signs of the disease are ever seen in after years, and posterity is born with a rich, pure blood supply. Book with complete instructions for home treatment and any medical advice desired will be given without charge.

I contracted Contagious Blood Poison by using a towel used by some infected person and had every symptom of this vile disorder. I tried everything I heard of but the disease got worse until I heard of S. S. S. which I commenced, and continued the treatment until I was entirely well. This was some time ago and I have never seen the slightest sign of the disease since. JOS. SCHLOEMER, 801 Allen Ave., St. Louis, Mo.

FATAL TRAGEDY IN PORTER'S QUARTERS

Berry Brigham, Jr., Shot and Instantly Killed His Wife.

HUSBAND ALLEGED INFIDELITY

Suspected That She Had Not Been True to Her Marriage Vows, and It Is Alleged Found Her in Company With Another Man.

Gainesville was the scene of an awful tragedy after 7 o'clock p. m. Saturday, from the result of which Catherine Brigham, colored, lies a corpse at her home on South Moss street, Porter's quarters; her husband, Berry Brigham, Jr., is a fugitive from justice, and a once happy and contented home has been broken up.

Brigham used as his weapon a double-barrelled, muzzle-loading gun, but the contents of one barrel of that was sufficient to accomplish its deadly purpose. There was a flash, a bang—and the woman lay dead in the yard at the feet of the slayer, the load having taken effect in the pit of the stomach. The shot was fired at such close range that the woman's clothing was ignited and was burning freely when the crowd arrived.

Only One Eye Witness.

Moses Parrish, who lives with his family next door to the Brigham home, was the only eye witness to the tragedy, as far as could be ascertained. Parrish stated to by-standers that he was in his house, when he heard what he took to be a scuffle in the cane patch in rear of the Brigham home, and the rattling of the canes. He stepped out into his yard, and about that time by the glare of light in Brigham's home, saw Brigham emerge through the door with his gun.

"What is the trouble, Brigham?" Parrish was said to have asked.

Brigham it is alleged replied that he had found his wife with another man. At this instant the woman came running around the corner of the piazza, when Brigham as quick as a flash levelled the gun and fired.

Brigham Escaped.

Immediately after the killing Brigham made his escape, and has not yet been captured. Sheriff Fennell and other officers were on the scene as quickly as possible after the news of the tragedy reached them. Search was made for the murderer, but without avail, and it was supposed that he made for the woods.

Body Ghastly Sight.

A large crowd was attracted to the scene in a few moments, when the spectators observed a ghastly sight. The woman lay dead upon her back, both hands up, in a pool of blood, the ghastly wound being in full view. Her clothing was still burning, but was extinguished by someone in the crowd.

The body was removed into the house, after being reviewed. It is not known whether an inquest will be held or not.

Berry Brigham, Jr., is well known in Gainesville, where he was reared. He is a comparatively young man, unusually industrious, and has been engaged in various pursuits of common labor.

The man with whom it is alleged the woman had been discovered also made his escape. His identity is not known, since Brigham did not inform Parrish of the name during the conversation between the two just prior to the killing. It is natural to suppose that Brigham did not have time to disclose the name after the tragedy.

HIGH SPRINGS NOTES.

Two Delightful Social Events Which Were Highly Enjoyed.

High Springs, Nov. 10.—Mizpah Temple No. 13, Rathbone Sisters, had a pleasure and honor conferred upon it by a visit from the Past Grand Chief, Mrs. Lillian Morris, of Gainesville. A reception was tendered her by Mrs. E. P. Summers on the afternoon of Wednesday, 7th, which was well attended and was much enjoyed. Lovely refreshments were served. Mrs Morris attended the regular meeting of the Temple that evening, at which there was a full attendance. Afterward she was the guest of honor at a banquet served at the Crystal Cafe, to which the Knights had been bidden, and many of them honored the occasion by their presence.

The New Century Club was entertained this week by Mrs. W. N. Gramling, it being the social meeting of the month an elaborate program had been prepared and carried out. The principal feature of the program was a geographical contest of Florida, arranged by Mrs. P. P. Wood. The honor of making the closest answers was equally divided between Miss M. Mann, principal of the High School, and Mrs. I. Ware, president of the club. Many thanks are due Mrs. Gramling for the lovely refreshments and other evidences of her hospitality.

ALACHUA HAPPENINGS.

Delightful Entertainment and Supper For Benefit of Piano Fund.

Alachua, Nov. 10.—The girls of the Alachua High School gave a supper Friday night for the benefit of the piano fund. It was well patronized, the net receipts of the evening amounting to about $26. The girls deserve much credit for the energy and enterprise which they displayed in the preparation of this supper. They are a bright, industrious lot, and usually make a splendid success of whatever they undertake. Those who attended the supper enjoyed it very much, and declare that they got their money's worth of everything purchased. Messrs. Green, Richardson and Griffin furnished music for the occasion, thereby contributing much to the success and enjoyment of the evening. Some had such a pleasant time that they have asked that something of the kind be given each month.

Notes.

The school has been busy during the past week preparing exhibits for the Fair.

Mr. Kirkland, ginner for the Alachua Manufacturing Company, has rented the Ellis house, and is moving his family and household effects over from Lake City. The people of Alachua are glad to have him become a permanent resident and citizen.

The election passed off very quietly. The vote was very light, only sixty-seven votes having been polled. We are glad to state that the vote on the drainage amendment stood sixteen for to thirty against.

On the night of the 2nd inst. one Jenkins, a young negro, broke into the racket store of W. H. Sealey and stole a pair of shoes and some small change. On entering through the show-window he cut his hand, by which means he was detected and captured at the Consolidated Gin by Messrs. Sealey and Heckard. He immediately confessed everything and led his captors to where he had buried the shoes and money near the Methodist church. He was tried before Justice Caswell on an indictment for petty larceny, convicted and sent to the chain gang for three months.

STOMACH'S IMPORTANCE.

How to Strengthen It so That It Will Act as It Should.

The stomach is the principal organ concerned in the digestion of food. If it is weak, inactive or out of order and unable to properly digest the food, the body will soon be in a state of semi-starvation.

Then, too, when the stomach is weak, the food is not properly digested and lies in it for hours, decomposing, fermenting and forming poisonous gases and ptomaines that are absorbed into the blood, poisoning the system and impoverishing the blood.

To enjoy good health, it is absolutely necessary that the stomach and digestive organs should be strong, and no other remedy equals Mi-o-na in strengthening and giving tone to the whole digestive system.

Relief from the use of Mi-o-na is permanent and lasting. Use Mi-o-na for a few days, and the digestion will be good, the appetite keen, and there will be no nausea or distress after eating, no sleeplessness, no nervousness, and the headaches, backaches and disturbed heart action that are the direct result of a weakened stomach will soon be overcome.

Mi-o-na is sold under an absolute guarantee that the money will be refunded unless the remedy does all that is claimed for it. Ask J. W. McCollum & Co. to show you the guarantee which they give with every 50-cent box.

Dear Sir: They won't fool him any more with paste paint; they'll try something else!

Editor Saulsbury, Dover Delaware, having used 35 gallons paste paint on his house, bought 35 gallons Devoe for it. He had enough left for a new stable 20 by 20 and fence, and returned four gallons.

Paste paint has as many tricks as bunco-steerer. Yours truly,

PUBLIC SCHOOL IS QUITE PROGRESSIVE

A Great Deal of Enthusiasm and Energy is Manifested.

SIXTH GRADE WON HONORS

The Silk Banner Was Awarded That Grade, and Was Presented on First Wednesday With Appropriate Ceremonies—General School Notes.

(By the Special Correspondent).

The duet sung by Nanaline and Lucile Kennibrew at chapel exercises Monday before last was greatly enjoyed, as was the recitation of Alesca Schafer on Friday of the same week.

The silk banner offered by the principal for the grade standing highest each month in attendance and deportment, was won the first month by the sixth grade, Miss Shannon, teacher. The banner was presented on Wednesday morning, the first week of this month, with appropriate ceremonies. Little Yeleva Rogers, having made a general average in all of her studies of 99 per cent for the month, is the standard bearer for the honor grade—and right gracefully and proudly does she carry the pretty banner.

There are now only two grade rooms in the building in which there is a vacant desk, or a foot of empty floor space. There is now a daily attendance of over 450 pupils. The average attendance for this month, the principal says, has so far been about 95 per cent of the total enrollment.

Through the kindness of the Board of Trustees our school is now well supplied with song books, and singing at chapel exercises is improving rapidly. We have already learned two new songs, both very pretty.

We all enjoyed Supt. Holloway's visits this week, and especially his entertaining talk at morning exercises Wednesday. He paid the school, pupils and teachers a fine compliment, of which, of course, we are very proud. We are learning to love our school and to take pride in its good name. The geometry class desire to thank Supt. Holloway for the nice compliment he paid them.

We are glad the work of preparing for the exhibit at the Tampa Fair is over, and we have resumed the regular routine of work. We hope to get a number of the premiums.

How badly the high school needs a physical and chemical laboratory—but we have no place in the building to put apparatus if we had it. There are about ninety in the high school, and next year there will be over 125, as only one will graduate, and about thirty or forty will pass up from the eighth grade. Some provision will have to be made for laboratories and a science teacher next year.

The piano solo Friday morning by little Eva Futch at chapel exercises was as sweet and pretty a special number as we have ever had.

The piano duet Wednesday morning by Ruby and little Bernice DeLand was greatly enjoyed, and elicited a storm of applause. We hope they will play for us again soon.

Woman Found Murdered.

Johnstown, Pa., Nov. 10.—Mrs. Catherine Stauffer, a widow, was found murdered in her bed at Lambertsville, a small village in Somerset county. There was a bullet hole in her head. It is believed that Mrs Stauffer was murdered for money which she is supposed to have possessed. A couple of grand-children were living with her, one of whom is almost grown. The girl was awakened by the presence of a man in her room. He tried to choke her and chloroform her, but she made her escape and aroused the neighbors. When they arrived on the scene the man was gone.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Hartridge Makes Denial.

New YoYrk, Nov. 10.—Clifford W. Hartridge, counsel for Harry K. Thaw, denied that he had experienced any difficulty in retaining associate counsel to assist him at the coming trial of his client. "We are ready at any time the district attorney sees fit to call the case," said Mr. Hartridge. "I am not yet ready to announce the names of my associates, but I will say one thing, Mr. Thaw's interests will be carefully safeguarded." Mr. Hartridge said that Thaw is exceedingly anxious for his trial to be called.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me.,' Sold by W. M. Johnson.

Money Kills in Pistol Duel.

Carrollton, Miss., Nov. 10.—News reached here from Money, a small town in Leflore county, that a pistol fight occured there between J. D. Money a brother of United States Senator Money, and I. J. Henderson, was killed and Money was wounded slightly. According to meager details, bad feeling engendered discussing the purchase of a plantation three years ago by Henderson from the Money estate.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

VIRGINIA JAIL FOR ROSENTHAL.

Alleged Savannah Gambler is Held At Norfolk, Va.

Norfolk, Va., Nov. 10.—Julius Rosenthal, 42 years of age, who has been arrested here and held for the authorities of Savannah, Ga., on the charge of being a fugitive from justice, was, by Judge Simmons, committed to jail without bail, pending further advices from Sheriff Schwartz, of Chatham county, Georgia, who requested his arrest.

It is alleged that Rosenthal's arrest resulted from his failure to answer a $2,000 bond, given after an appeal from a jail sentence, for the alleged operation of a gambling house in Savannah. Rosenthal was seen in his cell in the jail but he positively declined to discuss the case in any of its bearing.

Rosenthal came to Norfolk, accompanied by his wife and daughter. Both of the women are handsome and dress most stylishly. They have been living in one of the most fashionable hotels in the ciyt. Rosenthal seems to be possessed of ample means. Mrs. Rosenthal and her daughter profess the utmost confidence in the husband and father, and have stated their intention of standing by him in his present trouble. Both of the women are still in the city.

Rosenthal will probably be returned to Savannah as soon as the necessary arrangements can be made with the authorities of that place.

Orino is more effective than pills or ordinary cathartics. Refuse substitutes. J. W. McCollum & Co.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innocculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Lord" Scully, one of the largest land owners in the United States, has recently died in London, England. Mr. Scully owned 46,000 acres of fine farm land in Illinois, 50,000 in Kansas, 60,000 in Nebraska, 40,000 in Missouri, and in addition to this he had large farms in Iowa, Texas and other places. Most of his lands were bought from $3 to $12 per acre, and are now worth from $75 to $150 per acre. The country that would allow an alien to secure such bodies of land is lacking in something.

SERMONETTES

Anger is the welding of all the baser passions.

Life and Death are but opposite sides of the great orb.

The strong character does not pursue happiness—it comes to him.

A person can never be discontented with others more than he is with himself.

The very grant of life made to you carried with it rights that impose a duty.

If a merchant church member uses a 35-inch yard-stick he is none the less a thief.

Love has but one native atmosphere. It forgets the differences and revels in its affinities.

It's a strange result, but inevitable. The man whose life is ruined by money at last cares nothing for money.

Many a fellow is defeated by his doubts—his lack of confidence. Take the risk—to falter would be sin.

He is infinitely better off who sits in a dungeon made by another rather than one made by his own hands.

Necessity—the tug between two extremities wherein we are tried. No man knows his powers until he stands at that point.

A great many saints are down praying for the widows and the orphans, happy that their smoke-house key is way down in their jeans.

In this day of frenzied rush draw aside into the profound silences and commune with your inner self awhile. A faded pearl will regain its freshness if dipped into the sea once more.

A thing that costs you nothing can have no value to you. For that reason the children of the rich, pampered and petted, ofttimes throw their inheritance to the winds in a desperate effort to waste it on themselves.

There are only a few dark days in the year. Sorrow is soon gone; joy lost forever. Most of our trials make us wretched for a day, but when we have slept we wake to find them gone. Sometimes, there is a ghost that will not down.

A certain great artist kept high-colored stones in his studio. When he was working in pigments, and his sense of color began to weaken, he said he had to bring his eye up to tone. And—character will never reach beyond that necessity.

There is an old legend of Jesus which says that as he walked away from his grave, the morning of his resurrection, sweet flowers grew in the path behind him. How different the lives of many! In the path where they walk thorns and thistles grow.

The delta of the Mississippi is but the confluence of a multitude of streams draining all that mighty territory between the Rockies and the Alleghanies. And so the power to do great things is but the confluence of the innumerable capacities for little things.

It's an Unseen Hand that holds the mallet. Day by day the skilful cutting goes on and on. We shall silently be worked into beauty. The finished labor will surprise angel eyes. Strange that in boundless patience he should engrave his features on such crude and stubborn stone. But he will—and that's enough.

On the tomb of Joseph II, of Austria, in the royal cemetery at Vienna, is this pitiable epitaph, prepared by the king himself: "Here lies a monarch who, with the best intentions, never carried out a single plan." If the truth were known today, a great many epitaphs would be scratched out and this one put in their place.

At some points in the Alps the guides warn tourists not to talk or sing, nor even to whisper, lest the reverberations of their words in the air may start an avalanche from its poise on the mountain and bring it down upon the homes in the valley far below. There are men and women who are carrying such loads of duty, anxiety or sorrow, that the slightest addition to the weight would crush them. They are battling bravely against terrific odds. They are holding out under great pressure, sustained by a trembling hope of getting through, at last, successfully. They are comforted by the expectation that in the end darkness will turn to light. But everything is in the balance. Then along comes some gloomy whisperer.

A dollar bill may carry to its receiver the vilest infection. It is a sponge that takes up filth and disease germs from every hand through which it passes and from everybody with whom it comes in contact. We hope our delinquent subscribers are not holding back their dollar bills for fear they may carry some contagious disease to us. If they are, we assure them we are safe, having had the mumps, whooping-cough, measles, scarlet fever, small-pox and a variety of other diseases. So bring along your dollar bills and we can give you a nice clean receipt for them.—Exchange.

HELD UP PASSENGER TRAIN.

Lone Robber Secures Cash and Other Valuables.

Kansas City, Nov. 10.—A lone robber, heavily masked, boarded the rear sleeper of the eastbound combination Chicago and Alton train No. 44, between Slater and Glasgow, Mo., shortly after midnight, Thursday night, robbed the passengers of a sum placed between one hundred and five hundred dollars and escaped in the darkness.

The train left Kansas City at 9 o'clock and was due to arrive in Chicago at 8 o'clock Friday morning. The robber, who is described as being tall and wearing a black overcoat, boarded the rear sleeper at Slater. When the train had gotten well under way, he entered the sleeper, an observation car, bound through from San Francisco. He captured the conductor and porter and at the point of a revolver compelled them to proceed ahead of him and wake up the passengers. The sleeper was well filled. As his demands were carried out, the robber, keeping the conductor and porter ahead of him, systematically relieved the passengers of money, watches, and jewelry. When he had made his way through to the front end of the car he started for the second Pullman. Before the robber could enter the second car, the porter slammed the door in his face. The train then was at a point about one mile east of Glasgow. Realizing that he could proceed no further with his work, the robber pulled the air rope.

While the train was slackening its speed he jumped off and disappeared in the darkness.

Early this morning officers were started out from Glasgow, Slater and Kansas City to trace the robber.

The territory in which he worked is thickly settled and it will be difficult for him to make his escape.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cure of colds and it should be kept at hand ready for instant use. For sale by all druggists.

Samuel Kitson, Sculptor, Dead.

New York, Nov. 10.—Samuel J. Kitson, the sculptor, who had studios in New York and Boston, died at 1 o'clock Friday morning. Kidney disease was the cause of his death. Mr. Kitson was born in England 58 years ago. He was the principal sculptor of the interior work of the house of W. K. Vanderbilt in this city. His other works include the Sheridan monument, at Arlington, Va., North Frieze Soldiers and Sailors' monument arch at Hartford, Conn., and many others.

Made Happy For Life.

Great happiness came into the home of S. C. Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c.

Miners Receive Wage Increase.

Bisbee, Ariz., Nov. 10.—All miners employed by mining companies at Bisbee and Tombstone, have received notice of a raise in wages to date from Nov. 1. The scale has been advanced 25 cents a day all round. Miners now receive $3.75 a day, shaft men $4.25 and first motion hoisting engineers $5.25. The new scale means the payment of half a million dollars more each year by mining companies.

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Secrest of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists'.

Convicted of "Fagin" Charge.

New York, Nov. 10.—Harry Stein, charged with being an East Side "Fagin" was convicted largely on the testimony of an alleged pupil, Hyman Grossman, a boy of 14. Hyman was remanded for sentence. Stein is said to have had a school in which more than one hundred were instructed in the "art" of picking pockts. Young Grossman told the court how the lessons were given and showed the judge the method of stealing a watch.

Dairy and Food Commission's Report.

The Minnesota Dairy and Food Commission's analysis shows that Kennedy's Laxative Honey and Tar and Bee's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisons and croton oil is a violent poisonous purgative. Refuse to accept any but Foley's Honey and Tar in a yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. J. W. McCollum & Co.

Destroy Famous Cottage.

New York, Nov. 10.—The little thatched cottage at East Hampton, L. I., in which John Howard Payne, author of "Home, Sweet Home," lived in his early years, and which, when he was a wanderer on the face of the globe inspired his immortal ballad, is to be destroyed. The site on which it has stood so many years, has been purchased and the structure will be torn down and a church erected in its place.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

Russia Is Killing Boys for Robbery.

St. Petersburg, Nov. 10.—The Riga correspondent of the Bourse Gazette has sent in harrowing details of the execution by shooting, of three boys who had been condemned by a courtmartial for robbery. Four other persons were executed at the same time. The firing party was completely unnerved at the sight of mere children before the execution and fired wildly, and it was only after several volleys that all the condemned were killed.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has proven, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and $1. Trial bottle free.

His Guess.

"What would you do if you had a million dollars handed you?"

"Well, of course I can't say precisely, but the probabilities are that I'd become mean and grouchy, break away from all my old friends and put in the rest of my life trying to skin mankind out of another million."—Philadelphia Bulletin.

Sells More of Chamberlain's Cough Remedy Than of All Others Put Together.

Mr. Thos. George, a merchant of Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best of results." For sale by all druggists.
